Overview: This two day meeting is an unprecedented collaborative forum for the full range of pediatric cancer stakeholders including academia, government, industry, and non-profits. Leading experts in emerging technologies, drug development, and clinical landscape will identify challenges and opportunities to address unmet needs that will improve outcomes in childhood cancer treatment. Conference proceedings will identify important pathways to our common goals.

Poster Session Abstracts:

Day 1 (Monday Oct 31): **Emerging Technologies**

Day 2 (Tuesday Nov 1): **Clinical Pipeline**

Abstract Submission Deadline: August 31, 2016

Please be sure to indicate which session you wish to apply for. Abstracts for poster sessions should contain interesting and exciting material and must be submitted electronically by the abstract deadline. Selection of abstracts for poster presentations will be made by the organizers. Status of abstract submissions will be posted as soon as decisions have been made by the organizers.
